**RESPONSE TO RESTRICTION REQUIREMENT**

Assistant Commissioner of Patents  
Washington, DC 20231  
Dear Examiner:

This is responsive to the March 21, 2003 Office Action in the above-entitled application, setting a one-month period for response. Attached hereto is a Petition for a Two-Month Extension of Time, and the fee required under 37 CFR § 1.17(a), providing for a timely response up to and including June 23, 2003 (June 21, 2003 falls on a Saturday).

Remarks/Response to Office Action begin on page 2 of this paper.

Response to Restriction Requirement of Claims 1-33

The Office Action states that the restriction to one invention is required under 35 USC §121. Further, the Office Action states that Applicant is required to elect a single species under 35 USC §121. Applicants respectfully traverse the Restriction Requirement because there is no serious burden placed on the Examiner to consider all claims.

Claims 1-11 are drawn to an anhydrous treatment composition comprising a reactive agent and a solvent in which the reactive agent is soluble and which is water-miscible. Claims 12-15 are drawn to a composition comprising a water-miscible solvent, surfactant, and water. Claims 16-20 are drawn to a system for treating amino-acid based substrates comprising the anhydrous treatment composition of claim 1 and a separate packaged aqueous composition. Claim 21 is drawn to a method for treating the amino-acid based substrates by applying the composition of claim 1. Claims 22-29 are drawn to methods utilizing the composition of claim 1. Thus, claims 1-33 all consider utilizing an anhydrous treatment composition. Applicants submit that the aforementioned compositions, systems, and methods are so closely related that it would not present an undue burden on the Examiner to examine the art.

For these reasons, Applicants submit that the restriction requirement applied to the above identified application is improper and should be withdrawn.

Provisional Election

In the event that the Examiner's election is made final, Applicants hereby provisionally elect Group I (claims 1-11) and the species of protected thiol groups in claim 3. Applicants reserve the right to pursue the non-elected claims in one or more divisional applications.

Respectfully submitted,  
Robert Wayne Glenn, Jr., et al.
